EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Romi N. Bose on August 23, 2005.

The application has been amended as follows:

In claim 7, add the term "**only**" after the phrase "the angular position of the plug in" in line 8

In claim 13, add "**in only a single orientation**" after the phrase "second keys."

2. The following is an examiner's statement of reasons for allowance: there is no prior art that teaches or reasonably suggests the claimed limitations including a second key being movably positionable about a periphery of a ferrule holder of a plug and the second key that is lockable with a first key in only a single orientation, in combination with other claimed features as set forth in claims 1, 7 and 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
